---

**Handfree Operation**

Bluetooth Microphone - The microphone is built-in to the receiver.

- To ensure the best conversation quality/performance, stay within 3 feet (1 meter) of the unit’s microphone when taking a call.

Paring and Connecting:

Before using Bluetooth functions you must pair your mobile phone to the CMR8629. The device name is “JENSEN BT”. The Bluetooth passcode is “0000”. To ensure the best reception for paring and re-connection, please make sure the mobile phone’s microphone is fully charged before you begin.

- Try to perform pairing within a few minutes of the mobile phone being turned on.
- If your mobile phone has been paired with the mobile phone, the unit’s model number, “JENSEN BT”, will be displayed on the mobile phone.
- To achieve the best performance, always keep the mobile phone within 10 feet (3 meters) of the unit.
- Always keep a clear path between the mobile phone and the unit. Never place a metal object or any other obstacle between the mobile phone and the unit.
- Some mobile phones may have a “Power Saving Mode” option. PLEASE DO NOT use the power saving mode with the CMR8629.
- Before accepting or making a call, make sure your mobile phone’s “Bluetooth function” is turned on.

Dialing a Number

Press keypad to dial a number.

Making a Call

Dial number, press to connect a call.

**FCC Compliance**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**One-Year Limited Warranty**

This warranty is extended to the original retail purchaser for products purchased from an authorized Jensen dealer and is non-transferable. In no event shall the company be liable for indirect, incidental or consequential damages.

1. This warranty is extended to the original retail purchaser of products purchased from an authorized Jensen dealer and is non-transferable.
2. The warranty covers any defects in material and workmanship for a period of one year from the date of the original purchase.
3. The warranty is extended to the original retail purchaser for products purchased from an authorized Jensen dealer and is non-transferable.
4. This warranty is exclusive and in lieu of any and all other warranties, expressed or implied, including without limitation the implied warranties of merchantability and fitness for a particular purpose.
5. For service, please call our toll-free number listed below. You must have your model or serial number ready. Please have your proof of purchase ready also.
6. To obtain warranty service, you must return the product with the original sales receipt or a copy thereof to Jensen Electronics, Inc., 7250 South 1500 West, Salt Lake City, UT 84121, USA within 10 days of the date of purchase.
